Reach Developmental Preschool North Delta aims are to:

provide learning experiences that encourage each child to reach their potential

provide parent education through meetings, workshops and participation in the preschool program. Four hour preschool day is available.

provide ongoing communication with parents regarding their child's progress

to recommend appropriate placement for the child when required

develop the child's ability to interact knowledgeably and comfortably with all their peers.

Your child will make friends, learn to share, play in the water, the sand and the rice. They will sing and be actors, cook and clean, build and create and climb and explore. Through these activities, their self-esteem will soar.

=====

Reach Developmental Preschool offers all children a stimulating, emergent program to develop their physical, social, emotional, language, and cognitive skills to their full potential.

Reach's emergent curriculum embraces the principles of the Provincial Early Learning Outcomes Framework and the Live 5-2-1-0 Program, bringing nature and healthy living into learning experiences. The Preschool Program offers enhanced support for whole family development with an on-campus PARENT EDUCATION CENTRE where parents can find resources, learning materials and multi-disciplinary expertise from Reach's child development experts. Further learning opportunities will be available for parents through monthly Parent Workshops and helpful online resources that parents can read and download. The Preschool has program in Ladner and North Delta. Registration is on now for Fall 2014. Reach Preschool is an inclusive program, meeting the needs of children who require extra support and children who are developing typically.

Inclusion provides opportunities for children to mentor and guide their peers who have special needs, building empathy, leadership, and strong social emotional skills that last a lifetime.
